| Soy-based Ingredients                   | 0.9                  | 1.0                  | +0.0   |
| Group administrative expenses           | (1.9)                | (1.8)                | +0.0   |
| Operating margin                        | 1.9%                 | 3.2%                 | +1.4pt |
| Ordinary profit                         | 5.4                  | 8.3                  | +2.9   |
| Profit attributable to owners of parent | 3.2                  | 12.4                 | +9.1   |

#### FUJI OIL HOLDINGS INC.

## Net sales 271.0 billion yen YOY +2.6 billion yen

Net sales increased thanks to the effect of yen depreciation and higher sales prices on Industrial Chocolate Business despite lower sales volume by the transfer of fixed assets of Fuji Oil New Orleans\* in America on Vegetable Oils & Fats business.

## Operating profit 8.8 billion yen YOY +3.7 billion yen

Operating profit increased thanks to stable raw material prices despite increased fixed cost due to inflation and lower sales volume in some businesses.

#### Increase factors

#### ✓ Improved profitability of Vegetable Oils & Fats Business responding to stable raw material prices for palm

#### Decrease factors

- ✓ Lower sales volume and increased fixed cost of Blommer\*
- ✓ Improvement by the transfer of fixed assets of Fuji Oil New Orleans, which recorded operating losses the previous fiscal year
- ✓ Decrease operating profit in SE Asia, which recorded favorable performance in the previous fiscal year

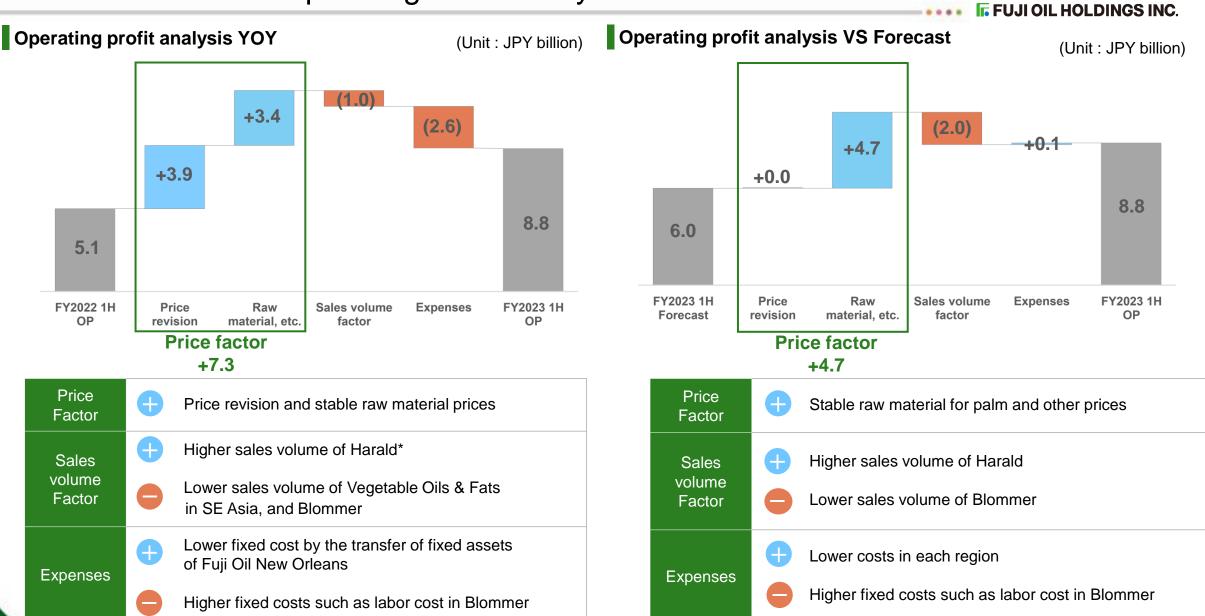

# Profit attributable to owners of parent 12.4 billion yen YOY +9.1 billion yen

Increase thanks to extraordinary income from the transfer of fixed assets in Fuji Oil New Orleans.

<sup>\*</sup> Fuji Oil New Orleans, LLC: Vegetable Oils & Fats Business, Americas. We transferred the fixed assets in April, 2023.

Blommer Chocolate Company: Industrial Chocolate Business, Americas (North America).

## FY2023 1st Half Operating Profit Analysis

## FY2023 1st Half Results (by Business)

## **Vegetable Oils & Fats**

Net sales 92.8 billion yen YOY (8.6) billion yen Operating profit 7.5 billion yen YOY +4.2 billion yen

Results were firm in each area thanks to stable raw material prices and stable demand for frying oils and fats. Also the result benefited from initiatives related to sustainable palm oil.

| Japan, Americas<br>Europe | Improved profitability responding to stable raw material prices  |
|---------------------------|--|
| Americas                  | Improvement by the transfer of fixed assets of Fuji Oil New Orleans, which recorded operating losses in the previous fiscal year |
| SE Asia                   | Decreased operating profit in SE Asia, which recorded favorable performance in the previous fiscal year                          |

## **Emulsified & Fermented Ingredients**

Net sales 43.6 billion yen YOY (1.0) billion yen Operating profit 1.4 billion yen YOY +1.4 billion yen

Profitability was improved in each area responding to stable raw material prices. Sales of whipping cream were firm in Japan.

| Japan | Firm sales of whipping cream continued  |
|-------|---|
|       | Improved profitability responding to stable raw material prices despite lower sales volume                              |
|       | Improvement trend thanks to stable raw material prices and recovery of sales volume gradually despite economic slowdown |

## Industrial Chocolate

Net sales 116.6 billion yen YOY +11.1 billion yen Operating profit 0.7 billion yen YOY (2.0) billion yen

Sales volume grew in each area thanks to a recovery in consumer behavior and capital investments. Blommer recorded decreased sales volume due to ongoing inventory adjustments by customers and increased fixed cost due to rising labor cost and repair cost.

FUJI OIL HOLDINGS INC.

| Japan, Europe<br>SE Asia | Higher sales volume by a recovery in consumer behavior                |
|--------------------------|---|
| Americas (Blommer)       | Decrease operating profit by lower sales volume and higher fixed cost |
| Americas (Harald)        | Higher sales volume by started operation of new plant                 |

## **Soy-based Ingredients**

Net sales 18.0 billion yen YOY +1.1 billion yen Operating profit 1.0 billion yen YOY +0.0 billion yen

Sales volume for soy protein ingredients and soy protein food products decreased but we implemented price revisions to reflect raw material prices. Functional ingredients decreased sales volume for home-meal, but the sales for beverages were firm.

| Japan  | Improved profitability by price revision Sales of functional ingredients were firm for beverages |
|--------|--|
| Europe | Continued cost management, despite increased depreciation costs for a new plant                  |

## Net Sales and Operating Profit (1H/by Business, Area)

### FUJI OIL HOLDINGS INC.

## External Environment

No significant changes from market assumptions made at the beginning of the fiscal year.

- -Gradual recovery in post-COVID-19 economy
- -Labor, logistics, and other costs remain high
- -The West's continued policy of high interest rates to restrain inflation

#### Core Measures

We will work to achieve full-year targets by implementing core measures outlined at the beginning of the fiscal year.

- -Continue price strategy
- -Thorough raw material position management
- -Work on the differentiation strategy
- -Strengthen management by ROIC and Productivity Indexes

## Operating Profit

## Operating profit 16.5billion yen YOY +5.6 billion yen

No change from initial forecast, but the breakdown was changed.

#### **Vegetable Oils & Fats**

Upward revision thanks to improved profitability responding to stable raw material prices

#### **Industrial Chocolate**

Downward revision due to lower sales volume in Blommer and others

Profit
Attributable
to Owners of
Parent

## 16.0 billion yen YOY+9.9 billion yen

No change from initial forecast.

Planning on significant increase in net profit on increased operating profit and the extraordinary profit from the transfer of fixed assets of Fuji Oil New Orleans.

## FY2023 Operating Profit Analysis

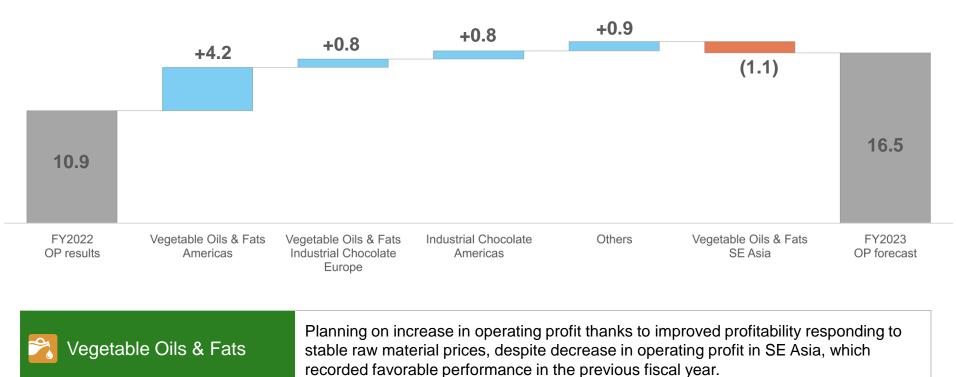

Industrial Chocolate

(Americas)

FUJI OIL HOLDINGS INC.

## Operating profit analysis YOY

(Unit: JPY billion)

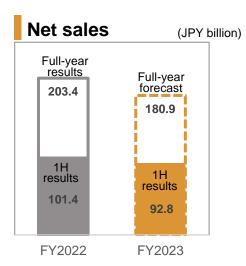

Planning on increase in operating profit thanks to higher sales volume in Harald.

10

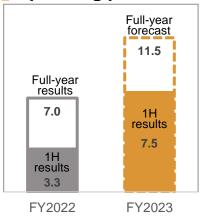

## Vegetable Oils and Fats Business

✓ Improved profitability responding to stable raw material prices

Japan: Sales of frying oils and fats were firm

**1H Progress** 

- ✓ Sales of frying oils and fats were firm
- ✓ Demand of certified Palm Oil revealed

 Continue expand sales depending on the raw material prices

**2H Initiatives** 

- Continue expand sales of vegetable fats for chocolate and frying oils and fats
- ✓ Strengthening sales of certified Palm Oil

Operating profit 1H / Full-year (JPY billion)

2.8

4.4

## Americas: Sales growth thanks to high plant utilization

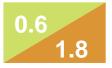

- ✓ The transfer of fixed assets of Fuji Oil New Orleans
- ✓ Increased in sales thanks to stable raw material prices and high plant utilization in Savannah
- ✓ Continued provisional logistics inventory adjustments of vegetable fats for chocolate by customers

- Expect stable demand of commodity oils and fats despite plant utilization returns to normal
- ✓ Strengthening sales of vegetable fats for chocolate
- 3.3

✓ Expand sales in Oilseeds\*

## SE Asia: Extraordinary demand from the previous fiscal year decreased but firm sales of certified palm oil

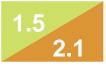

✓ Transitional demand from the previous fiscal year decreased but continued to record firm sales of certified palm oil and differentiated products ✓ Strengthening sales of certified palm oil for growing the demand in Europe and Americas

## Europe: Successful differentiation strategy

✓ Improved profitability thanks to the demand of certified palm oil and differentiated products

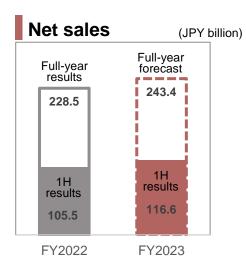

- ✓ Continue strategy of differentiation
- ✓ Working on strengthen traceability of Shea Kernels

## **Industrial Chocolate Business**

1H Progress 2H Initiatives

## Japan: Capturing demand on the souvenir market and strengthening sales of differentiated products

- ✓ Continued price revision
- ✓ Higher sales volume for the souvenir and ice cream market despite lower sales volume for confectionery distribution market due to a reduction in product volume at customers

- ✓ Continue price revision responding to raw material prices such as cacao and sugar
- ✓ Strengthening sales of differentiated products
- ✓ Working on sustainable raw material program

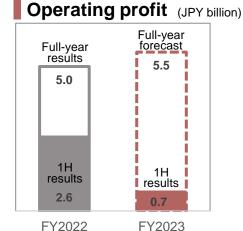

Operating profit 1H / Full-year (JPY billion)

2.6

5.1

Americas (Blommer): Concerns of decline in consumption due to inflation and hikes of interest rate (Harald): Higher sales volume thanks to operation of new plant and expand sales to new customers

#### l

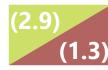

#### **Blommer (North America)**

- ✓ Lower sales volume due to provisional logistics inventory adjustments by customers
- ✓ Higher fixed cost due to hikes of interest rate
- ✓ Employment and capital investments as planned

#### Harald (Brazil)

✓ Higher sales volume thanks to operation of new plant and sales promotion

- ✓ Recovery of sales volume thanks to strengthening sales
- ✓ Management of fixed cost, including cost reduction

✓ Working on sales promotion toward the peak season

## The Others (SE Asia · Europe): Increase sales volume thanks to capital investments

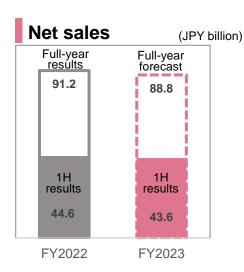

- √ Higher sales volume in Indonesia
- ✓ Captured demand of bakeries in Australia
- ✓ Higher sales volume in Europe thanks to capital investments and firm sales of differentiated products

- ✓ Working on product cost reduction in Indonesia
- ✓ Strengthening production organization responding to demand in Australia
- ✓ Expect higher sales volume by continuing expand sales in Europe

## **Emulsified and Fermented Ingredients Business**

## Japan: Sales of whipping cream were firm

✓ Increased sales for convenience stores and food services thanks to the new adoptions

1H Progress

- ✓ Improved profitability responding to stable raw material prices
- ✓ Quality improvements from new manufacturing methods for whipped cream also contributed

✓ Continue proposal activities that capture consumer needs

**2H Initiatives** 

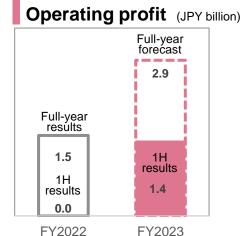

✓ Continue price revision

Operating profit 1H / Full-year (JPY billion)

1.4

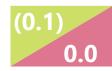

2.4

## SE Asia: Working on increase in sales for SE Asia market

- ✓ Gradual recovery in preparations for Japan due to the effect of yen's depreciation in foreign exchange despite stable raw material prices
- ✓ Expanded sales for SE Asia market by strengthening proposals

- ✓ Expand sales of preparations by responding to changes in dairy products demand
- ✓ Continue expand sales for SE Asia market

## China: Slow recovery trend despite economic slowdown

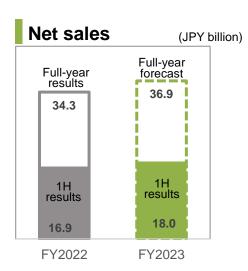

- ✓ Slow recovery trend despite lower sales volume due to economic slowdown
- ✓ Improved profitability responding to stable raw material prices

- ✓ Working on recovery sales volume by expand sales to new customers and new products suited to market demands
- ✓ Expand sales of whipping cream made by the new plant started operation this summer

## Soy-based Ingredients Business

## 1H Progress 2H Initiatives

## Japan: Continue to expand sales of granulated soy protein

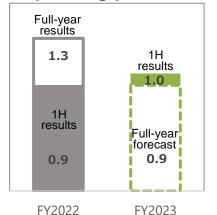

- ✓ Continued price revision
- ✓ Slow recovery trend of sales volume of soy protein ingredients
- ✓ Increased sales of granulated soy protein for countries outside of Japan
- ✓ Sales volume of functional ingredients for home-meal decreased but sales for beverages were firm.

- Further recovery of sales volume of soy protein ingredients by expand sales to new customers
- Continue expand sales of granulated soy protein for countries outside of Japan

Operating profit 1H / Full-year (JPY billion)

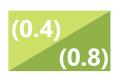

## **Operating profit** (JPY billion)

## Europe: Expand sales from the next fiscal year and continue to manage costs

- ✓ Continued proposal to customers
- ✓ Continued to manage costs as planned

- ✓ Advance proposals with the aim of expanding sales from FY2024
- ✓ Continue to manage costs

## Initiatives toward Medium- and Long-Term Growth

## New Business Fields

Promoting initiatives towards 2030 targets; net sales of 100 billion yen, operating profit of 10 billion yen

### **Expand Product Line**

#### **MIRACORE®**

Expand MIRA-Dashi® plant-based soup stock made by using MIRACORE® technology. As follow-up to the "paitan"-style soup stock launched in 2021, also launch chicken soup stock, beef soup stock, and bonito & seafood soup stock-style products.

To promote new business development, Fuji Oil Co., Ltd. established the Fundamental Seasoning Business Development Department

Prime Soy Meat

We launched Prime Soy Meat in 2022, which achieves meat-like fiber, texture and mouthfeel. They are used by hotels and food services, etc.

and the Digital Sales Section as new specialized departments.

#### **Co-Creation with Customers**

Chikaranomoto Holdings Co., Ltd.
Provides plant-based ramen made by using MIRACORE® technology to all Ippudo and Kuro-Obi restaurants in the US.

Charoen Pokphand Foods Public Co., Ltd. (Thailand) Building a collaboration in development of plant-based products.

## Sustainable Procurement

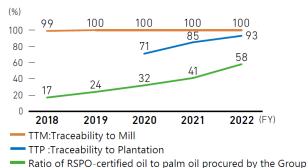

Building a responsible supply chain to not only mitigate risks, but also engage in activities towards creating opportunities

#### **Palm Oil**

- ✓ Increasing traceability and promoting activities for the global environment and human rights. Inquiries from customers resonated us have increased. These activities have linked to create new sales opportunities.
- ✓ Rate of RSPO certified oil increasing yearly (FY2022: 58%).

## Traceability Ratio of Palm Oil and Ratio of RSPO-Certified Oil

FUJI OIL HOLDINGS INC.

#### Cocoa Bean

✓ Expand use of products applying our Fuji Oil's Sustainable Origins<sup>™</sup> program for supporting sustainability.

YURAKU CONFECTIONERY CO.,LTD.
Black Thunder chocolate bar is made by raw materials through Fuji Oil's Sustainable Origins™ program.

## Financial Indicators, Dividend Policy

## B/S

#### FY2023 at the end of 2Q

Cash and deposits increased due to the transfer of fixed assets in Fuji Oil New Orleans.

Total assets increased due to the effect of yen depreciation.
