## -Operating profit

## <Key points>

Although decreased in Emulsified and Fermented Ingredients due to poor preparation business, operating income increased due to improved profitability in the Vegetable Oils and Fats, firm sales in Japan and consolidation from Blommer in the Industrial Chocolate. Resulting in record high operating income for the Q3.

## <By Division>

Vegetable Oils and Fats
Income increased in sales expansion of vegetable fats for chocolate in Japan, and improved profitability in Asia due to stable price of raw materials.

## Industrial Chocolate

Income increased due to increase sales volume in Harald, firm sales for confectionery in Japan, and consolidation of Blommer.

## Emulsified and Fermented Ingredients

Income decreased in low sales of preparations in SE Asia, lower volume of margarine for bakery market in China.

## Soy-based ingredients

Although loss in profits from the Chinese subsidiary sold in the previous year, income increased due to increases in soy protein ingredients and functional agents in Japan.

```
-Net income attributable to Owners of parent
Net income increased due to gain on sale of Investment securities.

## - Key points

| Segment | Area | FY2019 Q3 |
| :---: | :---: | :---: |
| Vegetable Oils and Fats | Japan | Income increased in firm sales of vegetable fats for chocolate and value added products. |
|  | Americas | Income increased in increase of CBE sales volume and recovery from the cold wave and hurricane last year in Americas. |
|  | Southeast Asia | Income increased in improved profitability of raw materials. |
|  | China | Income decreased in lower sales volume of vegetable fats for chocolate. |
|  | Europe | Income increased in improved profitability of raw materials. |
| Industrial Chocolate | Japan | Although sales volume of chocolate for ice cream decreased, income increased in firm sales for confectionery. |
|  | Americas | Income decreased despite increased profits from Harald during $3 Q$ due to lower sales volume during the busy season, cost increases due to depreciation of the Brazilian Real , and the impact of futures valuation losses at Blommer. |
|  | Southeast Asia | Income increased in firm sales. |
|  | China | Income increased in firm sales for confectionery. |
|  | Europe | Income increased in increase of sales volume. |
| Emulsified and Fermented Ingredients | Japan | Income increased due to growth in cream for dessert market. |
|  | Southeast Asia | Although the recovery of the preparations business is delayed, income increased in improved profitability. |
|  | China | Although margarine and shortening decreased, income increased due to increase of sales volume of fillings and improved profitability. |
| Soy-based ingredients | Japan | Although functional agents decreased, income increased in firm sales for soy protein ingredients and soy protein foods. |
|  | China | Income decreased in lower sales of functional agents. |
