

Release of *Integrated Report 2023*

Today, the Fuji Oil Group released the *Integrated Report 2023*.

The *Integrated Report* provides an overview of the Group's business activities and outlines its medium-to-long-term strategies. This information provides the basis for our series of discussions with our stakeholders, intended to enhance our corporate value.

In accordance with these objectives, we have prepared our *Integrated Report* for the fiscal year ended March 31, 2023 by referring to the IFRS Foundation's "The International Integrated Reporting Framework" and the Ministry of Economy, Trade and Industry's "Value Co-Creation Guidance".

We will use this report to deepen mutual understanding with stakeholders through dialogue and create a positive cycle that will promote management improvement.

■ **Points of the Integrated Report 2023**

We edited the Integrated Report 2023 to focus on the following three points with the objective of demonstrating our progress on the mid-term management plan “Reborn 2024”, announced in May 2022, and groupwide initiatives towards realizing the Vision of the Fuji Oil Group Management Philosophy.

1. The first point is to connect that sustainability initiatives along our value chain are controlling business risks, as well as creating opportunities and value for the Company.
2. The second point is to convey our progress under the mid-term management plan.
3. The third point is to discuss our co-creation with stakeholders.

■ **Fact Book 2023**

The Fuji Oil Group published the *Fact Book 2023* is as a separate edition.

Please make use of it in conjunction with the *Integrated Report*.
