1. BACKGROUND

Fuji Oil Holdings launched its Responsible Palm Oil Sourcing Policy in March 2016, recognising that sustainable development is integral to the long-term viability and success of Fuji Oil’s palm businesses. The Responsible Palm Oil Sourcing Policy has incorporated no deforestation, no peat land development and no exploitation requirements to meet the rising market demand for traceable, responsibly produced palm products.

Fuji Oil Group recognises the important role that stakeholders play in the successful implementation of its Policy. The Fuji Oil Group Responsible Palm Oil Sourcing Policy includes a commitment to establish a Grievance Mechanism to provide a platform for stakeholders to raise grievances regarding the implementation of the Fuji Oil Group’s Responsible Palm Oil Sourcing Policy across its palm supply chain. This grievance mechanism will align with the United Nations Guiding Principles on Business and Human Rights criteria for effective non-judicial grievance mechanism: legitimacy, accessibility, predictability, equitability, transparency, rights-compatible, a source of continuous learning, and based on engagement and dialogue. All grievances logged under the Grievance Procedure will be dealt with in a timely manner, and all investigations and findings will be reported transparently. To ensure the effective implementation of the grievance procedure, an annual review of the procedure will be conducted, taking into consideration input received from stakeholders.

Fuji Oil Group acknowledges that the Roundtable on Sustainable Palm Oil (RSPO) maintains a grievance process to which Fuji Oil Holdings has an existing commitment, while the scope of Fuji Oil Group Responsible Palm Oil Sourcing Policy will in some cases require a more dynamic approach to stakeholder engagement and transparency. In principle, however, all grievances raised through the RSPO grievance process will follow the RSPO process.

In addition, this grievance mechanism complements to formal legal options and does not replace or preclude them.

2. OBJECTIVES

This procedure is to support and enhance the implementation of the Fuji Oil Group Responsible Palm Oil Sourcing Policy by addressing stakeholders’ grievances relating to Fuji Oil Group and its’ suppliers. It is intended to serve as a guide to review, manage, monitor and address the outcome of stakeholder grievances (from any external parties, including individuals, government organizations and non-governmental organizations) concerning the implementation of the policy across the Fuji Oil Group’s palm supply chain. Fuji Oil Group recognises that feedback and input from stakeholders is valuable to enhance transparency in our supply chain and provide a means to gauge progress on the implementation of the Policy.
3. SCOPE

The Fuji Oil Group Responsible Palm Oil Sourcing Policy and this Grievance Procedure applies to Fuji Oil Group’s global business operations and their palm oil suppliers at group level\(^1\). This procedure covers activities related to the handling of stakeholders’ grievances regarding the implementation of the Policy. This includes the recording of grievances, taking action to verify claims, rectifying confirmed issues (including suspension), reporting the verification results, responding to stakeholders, managing and monitoring any follow-up action.

The intended target of the grievance will be identified in the Grievance list: (i) Fuji Oil Group, (ii) direct supplier, and/or (iii) indirect supplier (in the Fuji Oil Group’s palm supply chain). Grievances raised through both official and unofficial channels will be categorised according to the following structure:

\(^1\) Supplier at Group Level is defined based on RSPO’s definition of “group”. For further information, please refer to: [https://www.rspo.org/publications/download/638ae27c7f6b004](https://www.rspo.org/publications/download/638ae27c7f6b004)
6. WORKFLOW PROCESS

a) Receiving a Grievance

Grievances raised through official channels
Issues raised against Fuji Oil’s operations or suppliers (as mentioned in Table 1 above) will be recorded as grievances if they allege a breach of Fuji Oil Group’s Responsible Palm Oil Sourcing Policy. Grievances can be raised to Fuji Oil Group via any of the following channels:

- Via email to: palm-grievance@fujioilasia.com
- By telephone to: +65 6804 7731
- In writing to: 6 Woodlands Square, #09-04/05, Woods Square Tower 2, Singapore 737737

Attention to: Fuji Oil Supply Chain Management Group

- Grievances must include the following information:
  - Full Name
  - Name of Organization (if any)
  - Address
  - Phone No./Fax No./Email Address (at least one contact point)
  - Description of the grievance in detail
  - Evidences to support the grievance

The Grievance Raiser will be notified once the grievance has been received. Supply Chain Management Group may request any further information and will keep Grievance Raiser informed throughout the grievance process.

Grievances raised through unofficial channels
In addition to grievances submitted through the official channel above, issues raised against Fuji Oil’s operations or suppliers (as mentioned in Table 1 above) through unofficial channels, such as the media and the internet, will be recorded as grievances if they allege a breach of Fuji Oil Group’s Responsible Palm Oil Sourcing Policy and are connected to Fuji Oil Group’s supply chain directly or indirectly.

b) Grievance Validation

All reports received via the grievance communication either officially or unofficially channel will be evaluated by the Fuji Oil Holdings’ Supply Chain Management Group using a Grievance Decision Tree (See Appendix A). If necessary, Supply Chain Management Group will communicate with the Grievance Raiser to obtain further details and/or evidence of the grievance. The aim of the validation process is to confirm if the complaint falls into the category of a grievance. In accordance with the Grievance Decision Tree (Appendix A), possible outcomes include:

- a. The grievance is valid and will be recorded;
- b. The grievance is rejected.
c) Grievance Registration

Upon validation as a grievance, the Supply Chain Management Group shall record each validated grievance in the public grievance list and update it quarterly. If Grievance Raiser needs immediate verification or updates on the grievances, Grievance Raiser can contact Supply Chain Management Group directly. Updated Grievance List will be notify to relevant stakeholders including Grievance Raisers. In the case of rejected cases, Grievance Raiser will be notified of the reasons and is welcomed to submit new evidences to dispute findings.

d) Grievance Handling

All validated grievances are subjected to the Suspend and Engage Protocol (Appendix F), and upon which if a direct or indirect supplier is verified to be deforesting HCV/HCS areas or developing on peatland after 31st December 2015, will be temporary suspended, until they meet the internal minimum requirements. Minimum requirements can be but not restricted to:

- Development of group-wide NDPE policies, and to include in the policy to conduct HCS-HCV assessments and reviews before any new developments
- Development of action plan for the grievance(s) within 3 months upon engagement with Fuji Oil’s direct supplier or Fuji Oil.

Grievance against Fuji Oil Group

a. The Grievance Raiser will be notify of the progress of the grievance as according to the Grievance Procedure Process Flow Diagram – Fuji Oil Group (see Appendix E(a)).

The Supply Chain Management Group shall verify the details of the grievance(s) raised with the alleged Business Unit. A site investigation will be conducted and an Investigation Report (see Appendix B) will be developed providing summary of the issues and recommended actions to close the grievance(s). The Investigation Report will be provided to the Grievance Raiser for perusal and Supply Chain Management Group shall draft a time-bound Grievance Action Plan (see Appendix C). The Grievance Raiser will be informed of the Action Plan.

b. The Supply Chain Management Group, shall then take steps to implement the Action Plan together with the Business Unit.

c. The Supply Chain Management Group shall monitor the implementation of the Action Plan regularly until the grievance is closed. The status of the Action Plan will be updated on the Grievance List and to the Grievance Raiser regularly.

Grievance against a direct supplier

a. The Supply Chain Management Group shall contact the supplier-and request a time-bound action plan.

Fuji Oil Group shall seek to directly engage the entity to verify the grievance prior to requesting the action plan from the supplier. If a field visit is conducted, an Investigation Report (see Appendix B) will be developed providing recommended actions for the supplier to include in their action plan.

b. The Supply Chain Management Group shall then monitor the delivery of the action plan regularly until the grievance has been closed. The status of the action plan will be updated on the Grievance List and informed to the Grievance Raiser regularly.
Grievances against indirect supplier

a. The Supply Chain Management Group shall contact the intermediary (direct) supplier to Fuji Oil Group and request a time-bound action plan from the respective supplier that the grievance has been made against.

b. The Supply Chain Management Group shall then monitor the delivery of the action plan regularly until the grievance has been closed. The status of the grievance shall be updated on the Grievance List and informed to the Grievance Raiser regularly.

e) Monitoring

The Supply Chain Management Group is responsible for overseeing and monitoring all grievances. In cases relating to grievances made against third-party (direct or indirect) suppliers, the Supply Chain Management Group shall receive progress updates on the implementation of the supplier’s action plan. Progress updates on outstanding (open) grievances will be requested from suppliers on a regular basis. This information will be used to communicate with the Grievance Raiser who raised the grievance through any channel. Grievances progresses will be updated on the public grievance list quarterly.

Grievances against direct/indirect suppliers that are not closed within a reasonable timeframe shall be referred to the Supply Chain Management Group. A review of progress must be performed and depending on the nature of progress made, a new grievance action plan may be developed, or the commercial relationship with the supplier will be reviewed until the grievance is closed. In either case, the Grievance Raiser shall be notified.

f) Closing grievance

A grievance will be closed when there is verification of compliance with Fuji Oil Group’s Responsible Palm Oil Sourcing Policy, or the supplier has been suspended. Upon closure of the grievance, the Grievance Raiser will be notified and to seek the Grievance Raiser’s feedbacks. Subsequently, the Supply Chain Management Group shall update the status of the grievance on the Grievance List.

Any party that is unsatisfied with the closure of the grievance can reply in writing to Supply Chain Management Group and they will be properly reviewed. Where appropriate and necessary, additional follow up action can be initiated including but not limited to a joint discussion/review of the grievance and/or a joint field visit to the grievance site.

g) Timelines

The grievance resolution process often involves numerous stakeholders and the length of time required to process cases may vary depending on the complexity of the grievance.

The following timeline below acts as guidance to the key stages of the Grievance Procedure:
Grievance Process Timeline (Guidance)

All grievance cases after validation

Within 14 working days upon receiving of the grievance, the Grievance Raiser will be notified of the validation and during which any additional information required will be requested. The grievance will be recorded.

For cases related to Fuji Oil Group’s own operations

Within 21 working days after the grievance has been recorded, the Supply Chain Management Group will response to the Grievance Raiser on the status of the grievance and developed a Grievance Investigation Report (Appendix B). The investigation Report will be given to the Grievance Raiser.

Within 14 working days upon the development of the Grievance Investigation Report, the Grievance Action Plan (Appendix C) will be developed and implemented. Grievance Raiser will be notified of the Action Plan.

Supply Chain Management Group will monitor the progress and update regularly to Grievance Raiser to ensure that the grievance is in progress to closure.

For cases relating to Fuji Oil Group’s suppliers (direct and indirect):

Within 21 working days after the grievance has been recorded, the Supply Chain Management Group will response to the Grievance Raiser on the status of the grievance and what actions are being implemented to prevent aggravation of the grievance.

Within 30 working days after responding to the Grievance Raiser of the status, the Supply Chain Management Group shall request a grievance action plan from the errant supplier. The action plan will be notified to the Grievance Raiser.

Supply Chain Management Group shall request errant supplier to update the progress of the action plan either publicly on its own website or to update to Supply Chain Management Group regularly.

Fuji Oil’s Grievance List will be updated quarterly. However, urgent status of grievance can be requested to Supply Chain Management Group directly.
